

Hallvard Enger Bjørgen

Outgoing, eager to learn, and curious are words that describe me well. Besides school and work, I enjoy spending time with friends in social settings, outdoor activities, exercise, swimming, surfing, and river paddling.

EXPERIENCE

Data & Analysis

Bekk Consulting · June - July 2023

Central role in developing a chatbot for Øyafestivalen 2023, which will be used to answer questions from participants before, during, and after the festival. Two weekly meetings with the client.

Technologies: React Remix, Typescript, LLMs, LangChain og FlyIO.

Software Developer

Iterate · June - July 2022

From idea to implementation of a tool to streamline interior designers' work in a startup. Above all, this was a group project involving significant design work and a high level of ownership towards the product.

Technologies: NextJS, Sanity og Typescript.

Technological Assistant

Statens Kartverk · June - July 2021

Assisted with various minor programming tasks around the office during the summer, being the only person with programming skills. Also, performed maintenance work on map data.

Technologies: Python og Kartverkets interne systemer.

Sergeant

The Norwegian Armed Forces · February 2018 - June 2018

Leadership practice during guard and security courses at the Air Force Base Defense Tactical School, where I participated in conducting two 8-week courses for over 300 soldiers and instructed a troop of 40 soldiers. Additionally, I contributed to administrative and logistics tasks at FOS Sessvollmoen.

Others

We Are Live · June - August 2020/2021

Sponsorship & Events, a series of odd jobs such as driving a 19m³ vehicle.
